Rehabilitation Sciences

January 9, 2023

Dear Physician Assistant Preceptor,

The University of Pittsburgh Physician Assistant Studies Program is pleased to announce that we have obtained approval from AAPA to award Category I CME for physician assistant preceptors again this year.

If you are interested in obtaining credits, please keep a log of your time with each of our students. Per AAPA, individual preceptors may be awarded AAPA Category 1 CME credits for precepting per calendar year, at a rate of 2 AAPA Category 1 CME credits per student per 40-hour week. At the end of the rotation, please complete the self-reflective evaluation which includes your hours and return it to the program via email. The program must have these forms to award the CME hours and issue a certificate. The CME year runs January 1, 2023 until December 31, 2023. For precepting during these dates, please send your paperwork to the program by December 31, 2023 for processing.

Additional information regarding this process can be found at <https://www.aapa.org/cme-central/aapa-cme-accreditation/category-1-cme-for-preceptors/>.

As always, thank you so much for your generosity with your time in precepting our students. We appreciate your participation in the education of our students and look forward to working with you in the future.

Sincerely,

Rosa Fannie DPAS, MPA, PA-C
Director of Clinical Education
Assistant Professor
