

BIOGRAPHY

Name: Christopher A. Brown
Address: Department of Communication Science and Disorders
The University of Pittsburgh
5012 Forbes Tower
Pittsburgh, PA 15213
Email Address: cbrown1@pitt.edu
Phone: 412-670-2772

EDUCATION and TRAINING

2004-2009	Arizona State University Tempe, Arizona	Post-doctoral fellowship	Cochlear implant processing
2000-2004	Loyola University Chicago Chicago, Illinois	Ph.D., 2004	Perception, Psychoacoustics
1993-1999	University of Wisconsin-Milwaukee Milwaukee, Wisconsin	M.S., 1999	Cognition and Perception Minors: Statistics, Linguistics
1989-1993	University of Rhode Island Kingston, Rhode Island	B.A., 1993	Psychology

APPOINTMENTS and POSITIONS

2018- present	Department of Communication Science and Disorders University of Pittsburgh	Associate Professor
2012-2018	Department of Communication Science and Disorders University of Pittsburgh	Assistant Professor
2009-2012	Department of Speech and Hearing Science Arizona State University	Associate Research Professor

MEMBERSHIP in PROFESSIONAL and SCIENTIFIC SOCIETIES

* The Association for Research in Otolaryngology	Since 2001
* The Acoustical Society of America	Since 2000
* The American Auditory Society	Since 2008

PUBLICATIONS (student names are italicized)

Manuscripts Under Review or in Preparation

1. *Richardson, B.N.*, Kainerstorfer, J.M., Shinn-Cunningham, B.G., **Brown, C.A.** (under review). Using fNIRS to investigate processing of interaural level differences in spatial release from masking. *Frontiers in Neuroscience*.

2. Helou, L.B., *Welch, B.M.*, Vize, C., Wright, A., Bohland, J., and **Brown, C.A.** (under review). Listener agreement on speaker's personality traits using audio samples. *Journal of Personality*, in review for pre-registration.
3. Brown, C.A., Sezginel, K.B., Pastore, M.T., *Sepkovic, S.*, and *Schmele, B.*, (under review). Frequency-place mismatch and speech intelligibility in simulated cochlear implant processing. sciencesconf.org/ish2022:383654. Peer-reviewed manuscript associated with podium presentation at the International Symposium on Hearing.
4. *Zhang, M.*, and Brown, C.A., (under review). Unvoiced Speech Recognition in Amplitude-Modulated Noise as a Measure of Temporal Envelope Processing. *Hearing Research*.

43. **Brown, C.A.** (November 2006). The benefits of electric-acoustic stimulation. The Hearing Group, L'Université Paris Descartes, Paris, France.

Refereed conference presentations (presentations associated with refereed journal articles, conference proceedings or published abstracts not included)

1. Brown, C.A., and Tichenor, S.E. (2022). Informational Masking Release Based on Interaural Level Difference Cues. Meeting of the Association for Research in Otolaryngology. San Jose CA.
2. *Zhang, M.*, & **Brown, C.A.** (2020). Masking release of unvoiced speech in amplitude modulated noise. Meeting of the American Auditory Society, Scottsdale AZ.
3. **Brown, C.A.** (2019). Frequency warping and speech intelligibility in cochlear implant listeners. 2019 Conference on Implantable Auditory Prostheses, Lake Tahoe, CA.
4. **Brown, C.A.** (2019). Solving the cocktail party problem with the interaural level difference cue. 2019 Conference on Implantable Auditory Prostheses, Lake Tahoe, CA.
5. **Brown, C.A.** (2017). Corrective binaural processing improves localization performance by bilateral cochlear implant patients. 2017 Conference on Implantable Auditory Prostheses, Lake Tahoe, CA.
6. Spencer, N.J., and **Brown, C.A.** (2016). Dynamic range compression for bilateral CI users. The Mid-Atlantic Symposium on Hearing, College Park, MD.
7. **Brown, C.A.** and *Helms Tillery, K.* (2015). Manipulating the localization cues for bilateral cochlear implant users. 2015 Conference on Implantable Auditory Prostheses, Lake Tahoe, CA.
8. Apoux, F.A., *Yoho, S.*, Healy, E.W., **Brown, C.A.** (2014). Dual-Carrier Strategy: Preliminary Cochlear Implant Data. Conference of the American Auditory Society.
9. **Brown, C.A.** (2013). An algorithm to enhance the binaural cues available to bilateral cochlear implant users. 2013 Conference on Implantable Auditory Prostheses, Lake Tahoe, CA.
10. **Brown, C.A.** and *Helms Tillery, K.* (2013). Influence of expanded voice pitch contours on the intelligibility of spectrally reduced speech. 2013 Conference on Implantable Auditory Prostheses, Lake Tahoe, CA.
11. *Loiselle, L.*, Dorman, M., Yost, W.A., **Brown, C.A.**, and Spahr, T. (2012). Sound source localization in bilateral cochlear implant users. 12th International Conference on Cochlear Implants and Other Implantable Auditory Technologies, Baltimore, MD.
12. *Loiselle, L.*, Dorman, M., Yost, W.A., **Brown, C.A.**, and Spahr, T. (2012). Localization Ability in bilateral cochlear implant users. American Auditory Society, Scottsdale, AZ.
13. Ardoint, M., **Brown, C.A.**, *Helms Tillery, K.*, & Bacon, S.P. (2011). Presenting Low-Frequency Cues Visually In Simulations Of Electric-Acoustic Stimulation. 2011 Conference on Implantable Auditory Prostheses, Asilomar CA.

14. *Helms Tillery, K., Brown, C.A., Yost, W.A. & Bacon, S.P. (2011).* Low-frequency speech cues benefit electric-acoustic listening in reverberation. 2011 Conference on Implantable Auditory Prostheses, Asilomar CA.
15. *Helms Tillery, K., Brown, C.A. & Bacon, S.P. (2010).* Low-frequency speech cues benefit simulated electric-acoustic listening in reverberation. American Auditory Society, Scottsdale, AZ.
16. *Helms Tillery, K., Brown, C.A. & Bacon, S.P. (2009a).* Effects of reverberation on speech understanding in simulated electric-acoustic hearing. The 2009 Conference on Implantable Auditory Prostheses, Lake Tahoe, Nevada.
17. *Helms Tillery, K., Brown, C.A. & Bacon, S.P. (2009b).* Spectral resolution and Intelligibility of reverberant speech in simulated electric-acoustic listening. American Auditory Society, Scottsdale, AZ.
18. *Helms Tillery, K., Brown, C.A. & Bacon, S.P. (2008).* Relationship Between Loudness Balancing And Speech Intelligibility In Simulated EAS. American Auditory Society, Scottsdale, AZ.
19. *Scherrer, N.M., Brown, C.A. & Bacon, S.P. (2008).* Effect Of Flattening f_0 On Intelligibility In Simulated EAS. American Auditory Society, Scottsdale, AZ.
20. *Walling, F.M., Brown, C.A. & Bacon, S.P. (2008).* Effects Of Simulated Low-Frequency Loss On Simulated EAS. American Auditory Society, Scottsdale, AZ.
21. *Scherrer, N.M., Brown, C.A. & Bacon, S.P. (2007).* Effect of Fundamental Frequency on Intelligibility in Simulated Electric-Acoustic Listening. American Auditory Society, Scottsdale, AZ.
22. *Yost, W.A., Brown, C.A. & Whitmer, W.M. (2003).* Processing sounds in rooms. International Workshop on Spatial and Binaural Hearing.
23. *Yost, W.A., Brown, C.A. & Whitmer, W.M. (2003).* The effects of precedence and distance localization. University of Leipzig & the Max Planck Institute.
24. *Brown, C.A. & Yost, W.A. (2002b)* Distance Judgments improve with exposure to the acoustic environment, Auditory Perception, Cognition, and Action Meeting, Kansas City, 2002.

Grants

Current grant support

Modifying spatial maps to improve localization, (C.A. Brown, PI), NIDCD R21 Research Grant, 07/2020-06/2022. Total direct costs: \$275,000.

Under Review or In Preparation

Spatial release from masking based on interaural level difference cues, (C.A. Brown, PI), NIDCD R01 Research Grant. Total direct costs: \$2,340,000. In prep for June 2023.

Auditory receptive field plasticity in schizophrenia, (C.A. Brown, Co-Investigator), NIMH R01 Research Grant. Total direct costs: Total direct costs: \$1,250,000. Under review.

Head-related transfer functions and machine learning (C.A. Brown, PI). University of Pittsburgh Chancellor's Gap Fund Program. Total direct costs: \$50,000. In preparation.

Precision medicine in tinnitus (C.A. Brown, Co-Investigator), NIDCD P50 Program Project Grant. Total direct costs: 7,485,825. Impact score: 61.

Prior grant support

Cochlear implantation and electrode-frequency mismatch, (C.A. Brown, PI), PA Lions Club Hearing Research Foundation Grant. Total direct costs: \$20,000.

Understanding the benefits of electric-acoustic stimulation (C.A. Brown, Co-PI; M.F. Dorman, Co-PI), NIDCD Multiple-PI R01 Research Grant, 07/11-06/19. Total direct costs: \$1,062,500.

Training in auditory and vestibular neuroscience, (C.A. Brown, Preceptor), NIDCD T32 training grant, 7/17-6/21. Total direct costs: \$193,250.

Professional diversity starts with a diverse student body: social and institutional barriers to recruitment, (C.A. Brown, Co-Investigator), ASHA Foundation Multicultural Research Grant, 8/17-12/19. Total direct costs: \$12,000.

Binaural cues and the benefits to speech reception in hearing impaired listeners (C.A. Brown, Principal Investigator), University of Pittsburgh Central Research Development Fund, 8/16-7/18. Total direct costs: \$16,000.

Sound source localization: An interaction of auditory and vestibular function (C.A. Brown, Co-Investigator), Arizona State University Facilities Grant, 7/12-6/13. Total direct costs: \$120,000.

Understanding the benefits of electric-acoustic stimulation (C.A. Brown, Co-Investigator), NIDCD R01 Research Grant, Administrative Supplement, 9/09-12/10. Total direct costs: \$121,028.

Understanding the benefits of electric-acoustic stimulation (C.A. Brown, Co-Investigator), NIDCD R01 Research Grant, 1/08-7/11. Total direct costs: \$711,711.

The effect of inter-aural differences of time on speech intelligibility in simulated cochlear implant listening (C.A. Brown, PI), National Organization for Hearing Research Foundation Annual Research Grant, 1/06-12/07, Total direct costs: \$20,000.

PATENTS

- Brown, C.A. (Aug 2, 2016). System and method for enhancing the binaural representation for hearing-impaired subjects. US Patent no. 9,407,999
- Bacon, S.P., Brown, C.A., & Apoux, F. (Oct 2, 2012). Delivering fundamental frequency and amplitude envelope cues to enhance speech understanding. US Patent no. 8,280,087.

PROFESSIONAL ACTIVITIES

TEACHING

Course instruction, University of Pittsburgh

Graduate-level courses:

CSD 3049: Neuroscience of Hearing Seminar

Dates of course: Fall semesters, 2019

Total number of students: approximately 13

Length of course: 15 weeks

Contact time: 45 hours

Seminar designed to expose Ph.D. students to various empirical approaches to the study of cognitive auditory neuroscience.

CSD 2038: Physical, Physiological and Psychological Acoustics

Dates of course: Fall semesters, 2013, 2015-present

Total number of students: approximately 160

Length of course: 15 weeks

Contact time: 45 hours

Course designed to expose Au.D. students to sensory and perceptual issues involved in the basic principles of the perception of sound.

CSD 2048: Sound and Vibration

Dates of course: Fall 2012, Fall 2014

Total number of students: 67

Length of course: 15 weeks

Contact time: 45 hours

Au.D.-level introduction to the physics of sound, covering relevant topics such as simple harmonic motion, waveform propagation, digital signals and systems, and transduction.

CSD 3049: Scientific Bases of Cochlear Implantation and Related Treatments

Dates of course: Spring 2014, 2018

Total number of students: 21

Length of course: 15 weeks

Contact time: 45 hours

Ph.D. seminar covering the theoretical and scientific bases for and recent technological advances of the modern cochlear implant.

Undergraduate courses:

CSD 1025: Hearing Science

Dates of course: Spring semesters, 2013-present

Total number of students: approximately 800

Length of course: 15 weeks

Contact time: 45 hours

Lab course designed to expose undergraduate students to sensory and perceptual issues involved in the basic principles of the perception of sound.

Course instruction, other institutions

Arizona State University

SHS 3060: Computational Methods in Research

Dates of course: Fall 2008, 2011

Total number of students: 37

Length of course: 15 weeks

Contact time: 45 hours

Ph.D.-level technical introduction to statistical and methodological approaches to behavioral research.

Loyola University Chicago

PSY 240: Cognitive Psychology

Dates of course: Spring 2002, 2003

Total number of students: 80-90

Length of course: 15 weeks

Contact time: 45 hours

Undergraduate introduction to cognitive psychology.

PSY 210: Psychological Statistics

Dates of course: Fall 2002, 2003

Total number of students: 90-100

Length of course: 15 weeks

Contact time: 45 hours

Undergraduate introduction to statistical methods for the behavioral sciences.

ADVISING

Student advising and committees (students for whom CA Brown was their primary advisor are marked with an asterisk)

Department of Speech and Hearing Science, Arizona State University

* Kate Helms Tillery (Ph.D.)	2007-2013
* Farris Walling (Au.D.)	2008-2012
* Nicole Scherrer (Doyle) (Au.D.)	2007-2010
Louise Loiselle (Ph.D.)	2006-2011
Erica Williams (Ph.D.)	2004-2006
Changmo Jeung (Ph.D.)	2004-2005

Department of Communication Science and Disorders, University of Pittsburgh

* Cecelia Restauri (U.G.)	Since 2022
* Samantha Huynh (Au.D)	Since 2022
* Benjamin Richardson (Ph.D., Carnegie Mellon University; Co-Advised with Shinn-Cunningham)	Since 2021
* Wusheng Liang (Ph.D., Carnegie Mellon University; Co-Advised with Shinn-Cunningham)	Since 2020

* Sydney Sepkovic (Au.D.)	Since 2020
* Barb Schmele (Au.D.)	Since 2020
Jacie McHanie (Ph.D.)	Since 2018
* Sydney Sepkovic (U.G.)	2020-2021
* Olivia Gall (U.G.)	2018-2020
* Maria Roa (Au.D.)	2018-2021
Kutay Sezginel (Ph.D.)	2016-2020
* Mengchao Zhang (Ph.D.)	2017-2020
Carrie Donohue (Ph.D.)	2017-2020
Linmin Kang (Ph.D.)	2013-2020
* Mary Rose Bethel (Au.D.)	2018-2019
* Weston Enterline (Au.D.)	2018-2019
* Kayleigh Bostain (Au.D.)	2017-2019
* Carson Kegel (Au.D.)	2017-2019
* Yuxiang Wang (Ph.D.)	2017-2018
Kristen Nunn (M.S.)	2017-2018
Annette Askren (Csc.D.)	2017-2018
Reem Mulla (Ph.D.)	2016-2018
Mengchao Zhang (Ph.D.)	2016-2017
Hyun Seung (Ph.D.)	2016-2018
* Ryan Shea (Au.D.)	Since 2016
* Jenna Goldstein (Au.D.)	Since 2016
* Margaret Anne Bedison (Au.D.)	2016-2018
* Lauren Eckhart (Au.D.)	Since 2016
* Courtney Wallace (Au.D.)	2015-2019
* Brandon Levine (Au.D.)	2015-2019
* Mary Rincon (Au.D.)	2015-2019
* Molly Brown (Au.D.)	2014-2018
* Elizabeth Lucius (Au.D.)	2014-2018
* Sarah Brand (Au.D.)	2013-2017
* Karry Smith (Au.D.)	2013-2017
Gabrielle DeFazio (M.S.)	2016-2017
* Katrina Killian (M.S.)	2014-2016

Allison Martin (M.S.)	2014-2017
Min Zhang (Ph.D.)	2013-2017
* Lauren Dubyne (Au.D.)	2013-2017
Pitchulee Uayporn (Ph.D.)	Since 2013
* Katrina Killian (U.G.)	2013-2014
Ye Yi (Ph.D.)	2013-2014
* Arifa Gir (Au.D.)	2013
* Stephanie Sanders (Au.D.)	2013
* William Dillon (Au.D.)	2012-2014
* Nicole Devon (Au.D.)	2013-2014
Kristie Kovacyk (Ph.D.)	2012-2014
Chayadevie Nanjundeswaran (Ph.D.)	2012-2013
* Nichole Reed (Au.D.)	2012

Undergraduate theses and projects (those advised by CA Brown are marked with a *)

Department of Speech and Hearing Science, Arizona State University

Service

DEPARTMENTAL & UNIVERSITY SERVICE

- Chair, Appointment, Tenure, and Promotion Committee, School of Health and Rehabilitative Science, University of Pittsburgh. Since 2022
- Chair, Audiology Admissions Committee, Department of Communication Science and Disorders, University of Pittsburgh. Since 2022

- Member, Appointment, Tenure, and Promotion Committee, School of Health and Rehabilitative Science, University of Pittsburgh. Since 2021
- Director, Faculty Mentoring Program, Department of Communication Science and Disorders, University of Pittsburgh. Since 2021
- Member, Faculty Mentoring Committee, School of Health and Rehabilitative Science, University of Pittsburgh. Since 2021
- Member, Mentoring Task Force, School of Health and Rehabilitative Science, University of Pittsburgh. Since 2019
- Member, Space Committee, School of Health and Rehabilitative Science, University of Pittsburgh. 2017-2019
- Member, Graduate Admissions Committee, Department of Communication Science and Disorders, University of Pittsburgh. 2012-2021
- Faculty Representative, Academic Integrity Committee, School of Rehabilitative and Health Sciences, University of Pittsburgh. Since 2012
- Department Technology Liaison, Department of Communication Science and Disorders, University of Pittsburgh. Since 2012
- Chair, Technology Committee, Department of Speech and Hearing Science, Arizona State University. 2004-2012

Journal Refereeing

Editorial Board:

- Editorial Board Member, Journal of the Acoustical Society of America Since 2023
- Editorial Board Member, Ear & Hearing 2012-2017

Journal Editing:

- Section Editor, Journal of the Acoustical Society of America Since 2023
- Ad Hoc Section Editor, Cochlear Implants, Ear & Hearing 2017-2020
- Section Editor, Cochlear Implants, Ear & Hearing (5-year term) 2012-2017

Ad-hoc Manuscript Reviewing:

- Journal of the Acoustical Society of America Since 2005
- Ear And Hearing Since 2008
- Journal of the Association for Research in Otolaryngology Since 2008
- Hearing Research Since 2009
- Journal of Speech, Language, and Hearing Research Since 2009

- International Journal of Audiology Since 2012
- Trends in Hearing Since 2016
- The Laryngoscope Since 2017

Conference Refereeing

Organizing and Technical Committees:

- Technical Program Organizer (two 2-year terms) 2013-2017
 Psychological and Physiological Acoustics
 Meeting of the Acoustical Society of America
- Convention Program Committee Member 2014
 Hearing Science Topic Area Committee
 ASHA Convention
- Technical Committee Member (3-year term) 2012-2015
 Psychological and Physiological Acoustics
 Meeting of the Acoustical Society of America
- Steering Committee Member 2010-2011
 Conference On Implantable Auditory Prostheses

Session Chairing:

- Psychological and Physiological Acoustics: Honoring the Contributions of William Yost, 2020
 179th Meeting of the Acoustical Society of America. Held virtually due to COVID-19 restrictions
- Enhancing the use of CIs: Bilateral/binaural, Conference On Implantable Auditory 2019
 Prostheses, Asilomar, California.
- Psychological and Physiological Acoustics: Binaural Processing and Localization 2016
 Session, 172nd Meeting of the Acoustical Society of America, Honolulu, HA
- Psychological and Physiological Acoustics: Spatial Hearing and Localization Session, 2015
 169th Meeting of the Acoustical Society of America, Pittsburgh, PA
- Combined Hearing, Pitch and Music Session, Conference On Implantable Auditory 2011
 Prostheses, Asilomar, California.
- Pitch, Binaural and Spatial Hearing Suppression Session, 153 Meeting of the Acoustical 2007
 Society of America, Salt Lake City, Utah.

Grant Reviewing

- Ad Hoc Reviewer, National Institute on Deafness and Other Communication Diseases, 2023
 NIH
- Reviewer, National Institute for Health Research (U.K.), Hearing Science 2017

LIST of CURRENT RESEARCH INTERESTS

- Normal auditory function
- Hearing impairment
- Binaural processing
- Anatomical acoustics and head-related transfer functions
- Speech processing in noise
- Cochlear implant processing
- Temporal fine structure processing
- Pitch perception
- Psychoacoustic and psychophysical procedures
- Psycholinguistics
- Plasticity of the auditory and binaural systems
