

CURRICULUM VITAE

JAMES L. COYLE, Ph.D., CCC-SLP, BCS-S

BIOGRAPHICAL

Name: James L. Coyle

Business Address:

E-Mail Address: jcoyle@pitt.edu

Department of Communication Science & Disorders
University of Pittsburgh
6035 Forbes Tower, Pittsburgh, Pennsylvania, 15260, USA

Business Phone: 412.383.6608

Business Fax: 412.383.6555

EDUCATION and TRAINING

UNDERGRADUATE:

Dates Attended:	Name and Location: of Institution	Degree and Year	Major Subject
03/1978-09/1978	California State University, Los Angeles	BA, 1978	Health Science

GRADUATE:

Dates Attended:	Name and Location: of Institution	Degree and Year	Major Subject
01/1979-06/1981	California State University, Los Angeles	-	Health Care Administration
09/1986-12/1988	California State University, Northridge	M.A., 1988 with distinction	Communication Disorders
09/1992-05-1993	University of Wisconsin, Madison	-	Communication Disorders PhD
01/2001-04/2008	University of Pittsburgh	Ph.D., 2008	Rehabilitation Science

APPOINTMENTS and POSITIONS

ACADEMIC:

Years Inclusive	Name and Location of Institution or Organization	Rank/Title
03/2017 – present	University of Pittsburgh Communication Science & Disorders, Dept. of Otolaryngology, School of Medicine	Professor
02/2016 – 07/2017	University of Pittsburgh Dept. of Otolaryngology, School of Medicine	Associate Professor
07/2013 – 07/2017	University of Pittsburgh Communication Science & Disorders	Associate Professor
05/2010 – present	Ohio State University Communication Science & Disorders	Adjunct Faculty
11/2008 – 07/2013	University of Pittsburgh Communication Science & Disorders	Assistant Professor
08/1999-11/2008	University of Pittsburgh Communication Science & Disorders	Instructor
01/1994-07/1999	University of Wisconsin, Madison Communication Science & Disorders	Instructor; Preceptor
08/1991-06/1992	University of Wisconsin, Whitewater Communication Disorders	Instructor
09/1987-08/1991	California State University, Northridge Communicative Disorders	Instructor

NON-ACADEMIC/CLINICAL:

Years Inclusive	Name and Location of Institution of Organization	Rank/Title or Position
1999-present	University of Pittsburgh Medical Center (inpatient, outpatient)	Medical Speech Pathologist
1995-1999	University of Wisconsin Hospitals and Clinics; Senior Research and Clinical UW/VA Swallowing Research Laboratory (inpatient, outpatient, homecare, research)	Senior Research and Clinical Speech Language Pathologist

1994-1995	University of Wisconsin Hospitals and Clinics Madison, WI (in, outpatient)	Clinical Speech Language Pathologist
1993-1994	Learning Services Corporation Middleton, WI (outpatient, residential)	Speech Language Pathologist
1992-1994	William S. Middleton Veterans Hospital Madison, WI (inpatient, outpatient)	Research Speech Language Pathologist
1991-1993	Private Practice, Consulting in Speech Language Pathology, Medical Centers in Southern Wisconsin (inpatient)	Consultant, Speech Pathologist
1991-1991	Novacare Corporation Madison, WI. (skilled nursing, homecare)	Clinical Coordinator, SLP
1989-1991	St. John's Regional Medical Center Oxnard, CA. (inpatient rehab)	Speech Language Pathologist II
1989-1989	Marianne Dunn and Associates Private practice. (inpatient)	Speech Pathologist
1979-1984	Burbank Community Hospital Burbank, CA	Administrative Director, Rehabilitation Svcs.

CERTIFICATION and LICENSURE

SPECIALTY CERTIFICATION:

Certifying Board

Year

Board Certified, American Board of Swallowing and Swallowing Disorders

2005-present

Licensing Board/State

Year

License. Pennsylvania State Board of Examiners in Speech-Language Pathology and Audiology, Dept. of State (Speech-Language Pathologist) #SL005906L

1999-present

License. Wisconsin Department of Regulation And Licensing (Speech Language Pathologist)

1991-2001

License. California Department of Licensing (Speech Language Pathologist)

1990-1993

MEMBERSHIPS in PROFESSIONAL and SCIENTIFIC SOCIETIES

Organization	Year
Pennsylvania Speech Language Hearing Association:	2014
Southwest PA Speech-Language-Hearing Association	2016
Dysphagia Research Society (full member)	1992-present
American Speech Language Hearing Association	1989-present

HONORS

Title of Award	Year
Honors of the Association, Southwestern Pennsylvania Speech Language and Hearing Association	2019
Chancellor's Distinguished Teaching Award University of Pittsburgh	2016
State Clinical Achievement Award, American Speech-Language and Hearing Foundation, and state nominee from Pennsylvania for the Louis DiCarlo Award for national recognition of clinical achievement	2015
Clinical Achievement Award, Pennsylvania Speech Language And Hearing Association	2015
Fellow, American Speech Language Hearing Association	2014
Dean's Distinguished Teaching Award, School of Health and Rehabilitation Sciences, University of Pittsburgh	2006
Award for Continuing Education (ACE), American Speech, Language Hearing Association	2008, 2011 - 2019

PROFESSIONAL ACTIVITIES

TEACHING

University of Pittsburgh-Courses Taught

- CSD 2079 Pediatric Feeding and Swallowing Disorders. 2020 – present
- CSD 2509 Head and Neck Anatomy. 2014 – 2019. Anatomy of the supra-pelvic human body with emphasis on aerodigestive tract structures, oropharyngeal mechanism, respiratory and digestive systems.
- CSD 2512 Head and Neck Anatomy Laboratory. 2011 – 2019. Applied anatomy, cadaver laboratory with instructor-performed dissection
- CSD 2504 Applied Aerodigestive Physiology 2. 2013 – 2019. 2 credits. Application of instrumentation in the assessment, measurement, analysis of pulmonary function and swallowing, and for planning of intervention. Emphasis on the interaction and coordination of respiratory and deglutitive functions of the upper aerodigestive tract.
- CSD 3479 Doctoral Research Seminar in Speech Language Pathology. Spring 2012. 3 credits. Topic range: Neural plasticity and dysphagia interventions; competitive research designs for investigating effects of dysphagia intervention in modern health care systems
- CSD 2076. Dysphagia. Every Fall term, 1999 – present. 3 credits. Anatomy and physiology of the upper aerodigestive tract, assessment and treatment of oropharyngeal swallowing disorders, interpretation of fiberoptic and radiographic imaging swallowing study data.
- CSD 2065. Network Clinical Practicum. Every Fall, Spring, and Summer term, August 1999 – present. 6 credits per term. Didactic and practical instruction in clinical procedures involved in the evaluation of adult patients in the acute care, intensive care, acute rehabilitation settings, and outpatients, in the University of Pittsburgh Medical Center. I teach the clinical process through my caseload in the acute care and intensive care units of the medical center.
- CSD 2479. Seminar in Speech Language Pathology. 3 credits. Summer 2000, 2001, 2002. Medical Speech Language Pathology seminar. Advanced study of special topics pertinent to medical Speech Language Pathologists. (see description below for CSD 2500)
- CSD 2064. Orientation to Clinic. Fall 2003. 3 credits. Principles of assessment, treatment, appropriate clinical behavior, documentation, safety, universal precautions, clinical procedures, medical ethics, and development of oral presentation style.

- CSD 2500. Medical Speech Language Pathology. Summer term 2003 – present. 3 credits. Advanced topics in Medical Speech Language Pathology, of special interest to clinicians working in acute care settings. Pulmonary system and disease, digestive system and disease, iatrogenic disorders causing dysphagia and communication disorders, mechanical ventilation and tracheostomy management, enteral nutrition, pharmacology of common medications, neurodegenerative disease, pediatrics. Students trained and practiced critical appraisal of scientific literature, presentation of critically appraised topics.
- CSD 1101. Orientation to the Clinical Process (team taught with Elaine Mormer). Every Spring term, 2004-2012. 3 credits. Undergraduate course. Introduction to various aspects of the clinical process including assessment, treatment planning, documentation, observation skills, data collection, ethics, interviewing, counseling, universal precautions, confidentiality, etc.

University of Wisconsin, Madison: Department of Communication Disorders

- Communicative Disorders 910. Dysphagia. 3 credits lecture/seminar. Every Spring term, 1994 - 1999. Head and neck anatomy and physiology related to oropharyngeal swallowing function; interpretation of Videofluoroscopic radiographic examinations, evaluation and treatment of swallowing disorders.
- Clinical preceptor, Medical Speech Language Pathology, 1996-1999

University of Wisconsin, Whitewater. Department of Communication Science & Disorders

- Communicative Disorders 472. Assessment in Communicative Disorders. Fall 1991 – Spring 1992. Lecture, 3 credits. Theoretical and practical aspects of the assessment process in communicative disorders. Issues and methods involved in clinical decision-making are reviewed through case studies and applied activities. The interpretation and documentation of information collected during the assessment process are also discussed.
- Communicative Disorders 460. Clinical Practicum. Fall 1991 – Spring 1992. 3 credits (one credit per student per term). I instructed and supervised three students each term in the department's in-house speech and hearing clinic, in performance of diagnostic and therapeutic clinical procedures with children and adults.

California State University Northridge

Physical Therapy Curriculum

- Health Science 301 and 301 L. Gross Human Anatomy lecture and lab. 4 credits. Fall 1987, 1988, 1989, 1990. Musculoskeletal anatomy of the human body, including all musculature of the axial and appendicular skeleton, peripheral innervations of sensorimotor structures. Cadaver dissection laboratory (I had 12 new cadavers in my lab each year).

- Health Science 302 and 302 L. Human Physiology lecture and lab. 4 credits. Spring 1988, 1989, 1990. Basic cardiovascular, pulmonary, renal, integumentary, neurophysiology; pathophysiology of burns and connective tissue disease, injury.

Speech Language Pathology Curriculum

- Communicative Disorders 442 L: laboratory in speech science, anatomy and physiology. 1 credit. Fall 1987 - 1990, and Spring 1988 - 1991. Prosected cadaver specimens and cadaver dissection laboratory involving upper aerodigestive tract, head and neck anatomy, physiology of laryngeal function, buccofacial, pharyngeal, respiratory and digestive structure and function.
- Communicative Disorders 442, Speech Science, Anatomy and Physiology, lecture. 3 credits. Fall 1987 - 1990, and Spring 1988 - 1991. (concurrent with CD 442L). Oral, facial, pharyngeal, craniofacial, respiratory anatomy and physiology related to production of speech, swallowing, vegetative functions.

STUDENT MENTORING

Research Doctorate (PhD), Master's thesis (M.S.), Bachelor of Philosophy (Honors College) B.Phil students

- PhD Dissertation Committee member: Kechen Shu, Department of Electrical and Computer Engineering, Swanson School of Engineering. 2021.
- Master's Thesis Committee: Sarah Hoch (MSSLP). 2021.
- Master's Thesis Committee: Ryan Schwartz (Department of Electrical and Computer Engineering, Swanson School of Engineering). Defended 05/2021.
- Master's Thesis Committee Chair: Emma Becker (MSSLP). 2021
- PhD Dissertation Committee: Gary Gartling, Defended 10/2021.
- PhD Dissertation Committee member: Zhenwei Zhang, Department of Electrical and Computer Engineering, Swanson School of Engineering. Defended 04/2021.
- PhD Dissertation Committee member: Yassin Khalifa, Department of Electrical and Computer Engineering, Swanson School of Engineering. Defended 11/2021.
- PhD Dissertation Committee member: Shitong Mao, Department of Electrical and Computer Engineering, Swanson School of Engineering. 2020
- PhD student mentor/academic advisor: Erin Lucatorto, 2020 - present
- Master's Thesis committee member: Katherine McGovern (defense 03/2020).
- PhD Comprehensive Examination Committee: Gary Gartling, 2019.
- PhD student mentor/academic advisor, Dissertation Committee Chair: Cara Donohue, 2018 – present. Defended 02/2021.
- PhD student mentor/academic advisor: Amanda Mahoney, 2017 - present
- PhD co-supervision: Aliaa Sabry, University of Mansoura (Egypt). 2016-2019. Defended 07/25/19.
- PhD Mentor/Committee chair: Atsuko Kurosu: Dissertation subject: Effects of the command swallow paradigm on swallow physiology in healthy adults. 2010-2018.

- PhD Committee member: Zhenwei Zhang, Department of Electrical and Computer Engineering, Swanson School of Engineering. (defended 04/2021).
- Master's Thesis Mentor/Committee chair: Lindsay Rozynek (defended 03/2019)
- CScD plan of study committee member: Several students; 2010 - 2018
- Master's Thesis Mentor/Committee chair: Sarah Pomfret (defended 01/2018)
- Master's Thesis Mentor/Committee chair: Natalie Bradshaw (defended 11/2016)
- Master's Thesis Mentor/Committee chair: Abigail Cryan (defended 04/2016)
- B.Phil Thesis Mentor/Committee chair: Sarah Pomfret (defended 03/2016)
- PhD Committee Member: Gregory Genna (CSD). (Defended 07/19/18).
- PhD Committee Member: Iva Jestrovic, Department of Electrical and Computer Engineering. (defended: 02/2016)
- PhD Committee member: Adrianna Shembel. Defended 2015
- PhD Committee member: Joshua Dudik, Department of Electrical and Computer Engineering. (defended 11/2015)
- PhD Committee member: Leah Helou (defended 02/2014)
- PhD Committee member: Aaron Ziegler (defended 06/2014)
- PhD committee member: Amanda Gillespie. (defended 01/2013).
- PhD dissertation committee member: Jeannette Benigas (Ohio State University). defended 04/2013
- B. Phil. Thesis Mentor/Committee chair: Kelly L. Coburn. Project title: Instant messenger use in individuals with Asperger's syndrome. Defended 04/17/2009.

Clinical Doctorate (CScD) students mentoring

- Fall 2018: Annette Askren, Jolene Lawton
- Fall 2017: Kendra McAlear; Jolene Lawton
- Summer 2017: Annette Askren
- Spring 2017: Kendra McAlear
- Summer 2016: Marnie Kershner
- Spring 2016: Susana Keller
- Fall 2015: Kendra McAlear
- Spring 2015: Traci Akiki
- Fall 2014: Kalli Donaway
- Spring 2014: Abrar Alduraibi, Jennifer Pusins, Anastasia Johnson
- Fall 2013: Abrar Alduraibi, Jennifer Pusins
- Spring 2013, Summer 2013: Towino Paramby; Lisa Evangelista
- Fall 2012: Towino Paramby; Lisa Evangelista
- Summer 2012: Towino Paramby; Lisa Evangelista
- Spring 2012: Anastasia Johnson, Towino Paramby
- Fall 2011: Jennifer Pusins, Abrar Alduraibi
- Summer 2011: Rhona Galera

- Spring 2011: Samantha Procaccini, Frederick Turner
- Fall 2010: Vanetta John
- Summer 2010: Sameera Dehaithem
- Spring 2010: Sameera Dehaithem
- Fall 2009: Christine Matthews
- Summer 2009: Kendrea Focht
- Spring 2009: Samantha Proccacini
- Summer 2008: Michael Biel, Christine Matthews
- Spring 2008: Christine Matthews, Kendrea Focht
- Fall 2007: Michael Biel, Kendrea Focht

RESEARCH

Grant Support

A. Current Grant Support:

1. Grant Number: 2 R01 HD074819-04. National Institutes of Health, Eunice Kennedy Shriver National Institute of Child Health and Human Development; 08/01/2018 – 07/31/2023.

Title: Principal investigator.

Study Title: The Aspirometer: A noninvasive tool to detect swallowing safety and efficiency. (Renewal of 1 R01 HD074819-01).

% Effort: 35%

2. Grant Number: 1R01HD092239-0. National Institutes of Health, Eunice Kennedy Shriver National Institute of Child Health and Human Development. (PI: E. Sejdic); 08/15/2017 – 06/30/2021.

Title: Principal investigator.

Study Title: Instrumental screening for dysphagia by combining high-resolution cervical auscultation with advanced data analysis tools to identify silent dysphagia and silent aspiration.

% Effort: 25%

3. Grant Number: National Science Foundation Career Award 1652203 (PI: E. Sejdic); 07/2017 – 06/2022.

Title: Co-investigator. (PI in Department of Communication Sciences and Disorders)

Study Title: Advanced data analytics and high-resolution cervical auscultation can accurately predict dysphagia.

% Effort: 0% (grant funds one full-time doctoral student for 35 months – 7 months/year for 5 years).

B. Prior Grant Support:

1. Grant Number: National Institutes of Health; Eunice Kennedy Shriver National Institute of Child Health and Human Development, 1R01HD074819-01.

07/01/2013-06/30/2017.

Title: Co-investigator (PI in Department of Communication Sciences and Disorders)

Study Title: The Aspirometer: A noninvasive tool to detect swallowing safety and efficiency.

% Effort: 25%

2. Grant Number: National Institute on Deafness and Other Communication Disorders, National Institutes of Health (DC03206), 1997-1999.

Title: Regional Principal Investigator.

Study Title: Randomized Investigation of the Effects of Two Interventions for Liquid Aspiration: Short- and Long-Term Effects.

% Effort: 10%.

Other Research

1. **Oral colonization in acute care settings.** (unfunded study). University of Pittsburgh, 2017. Co-investigator. Ongoing.
2. **Effect of progressive resistive lingual exercise on swallowing function in patients with head and neck cancer treated with radiation.** (unfunded study). University of Pittsburgh. 2016 – present. Co-investigator.
3. **MOST protocol:** progressive resistive exercise device mediated lingual strengthening; unfunded multi-site trial through University of Wisconsin Madison Swallowing Research Lab.
4. **Lingual prosthesis preliminary study:** advising engineering and Otolaryngology faculty in research methods for measurement of lingual pressure generation in mechanical mode.
5. **Assessment and modification of swallow for eustachian tube function.** UPP Academic Foundation Grant (submitted 04/2017). (C. Alper MD, PI).

OTHER SERVICE

2022: Chair, faculty search committee, appointment stream SLP faculty position.

2020: Program Committee, ASHA convention: Swallowing and Swallowing disorders.

2019-2020: subject matter expert, ASHA Aerodigestive disorders Practice Portal Page (published 01/2020).

2020: Faculty, Dysphagia Research Society Annual Meeting

2019: Program Committee, ASHA convention (Academic and Models of Clinical Education)

2019: Peer review, ASHA Aerodigestive Disorders Portal

2018: Dysphagia Research Society program committee

2018: Dysphagia Research Society annual conference faculty

2017: Faculty, Dysphagia Research Society Annual Meeting

2017 - present: Editorial Board Member, American Journal of Speech Language Pathology

2015: External grant reviewer, PSI Foundation, Toronto, Ontario, Canada

2015: Reviewer, ASHA Portal Page

2015 to present: Ad Hoc Committee reviewing grant proposals for groups seeking to establish Specialty Board Certification boards. American Speech Language Hearing Association.

2014: Pennsylvania Speech Language Hearing Association Task Force: Speech Language Pathology Licensure Act.

2013-2016: Treatment Taxonomy Task Force. American Speech Language Hearing Association.

2013: Program Committee, 2014 Dysphagia Research Society annual meeting.

2010-present: member of PRAXIS examination National Advisory Committee, Speech Language Pathology national qualifying examination.

2000, 2005, 2011, 2012: Program Committee, American Speech Language and Hearing Association Convention. Topic Area Swallowing and Swallowing Disorders

2007- 2013: Elected Board Member, American Board of Swallowing and Swallowing Disorders, American Speech Language and Hearing Association

2009-2013: Education committee chair, American Board of Swallowing and Swallowing Disorders, American Speech Language and Hearing Association.

2006 - 2009: Education committee member, American Board of Swallowing and Swallowing Disorders.

LIST of CURRENT RESEARCH INTERESTS

1. Instrumental Methods of Swallowing Screening and Signal Processing
 2. Effects of Behavioral Interventions on Biomechanical Measures of Oropharyngeal Swallowing Physiology in Various Dysphagic Populations.
 3. Application of Evidence Based Methods in Speech Language Pathology.
 4. Neuroscientific Principles of Upper Aerodigestive Tract Function.
 5. Pathophysiology and Prevention of Aspiration Pneumonia
 6. Dysphagia Following Organ Transplantation
