Communication Sciences and Disorders, Bachelor of Science University of Central Florida, Orlando, Florida	August 1996

EMPLOYMENT

Assistant Professor – Tenure Track Present Director of CSD’s Health Equity and Outcomes Research Core University of Pittsburgh, Pittsburgh, Pennsylvania	September 2021 –
---	------------------

Teach the following doctoral level course in the AUD program titled: Statistical Methods II. As Director of CSD’s Health Equity and Outcomes Research Core, I will lead the department’s newest communication and health equity outcomes research initiative. Faculty investigator in CSD’s Research Enterprises in voice and swallowing (REVS) multi-investigator research initiative.

Assistant Professor - Tenure Track 2021 Molloy College , Rockville Centre, New York	January 2021 – August
---	-----------------------

Taught the following two graduate courses titled: Voice Disorders and Fluency Disorders and two undergraduate courses titled: Introduction to Communication Sciences and Disorders I and II. Conducted research on resonance disorders and voice.

Clinical Assistant Professor 2020 & Henderson Post-Doctoral Fellowship, Service-Learning Fellowship University of Vermont, Burlington, Vermont	August 2016- December
---	-----------------------

Taught several graduate courses (swallowing disorders, voice disorders, research methods I, II & III), provided clinical supervision of therapy sessions and conducted supervisory meetings as scheduled, participated in committees (see below), assisted with curriculum development in my areas of specialization. Created an accent modification group for the department. Additionally, I was personally trained by Dr. Jack Pickering for Transgender voice. After receiving this training, I created transgender voice for both individuals and groups. I was the lead SLP member on the craniofacial and cleft lip & palate team for the state of Vermont and northern New York and

Professional Educator’s Certificate
June 2008

conducted research for publication through the Henderson post-doctoral fellowship and Service-Learning Fellowship.

Program Instructor/Clinical Supervisor
Nova Southeastern University, Davie, Florida

March 2007 – August 2016

Taught graduate courses to students (Clinic Lab I, Clinic Lab II, Clinical Processes, Communication Sciences and Media and Dysphagia) in live, online and distance learning settings. Knowledgeable in all components of the master's and doctoral programs, participated in faculty and supervisory meetings as scheduled, participated productively on many program committees, assisted with curriculum development in various areas of specialization, as needed, provided clinical supervision to graduate students, completed site visits for clinic and/or externship practicum students in national locations.

Acute Per Diem Speech Language Pathologist
Holy Cross Hospital, Fort Lauderdale, Florida

March 2006 – May 2015

Assessed, diagnosed, and treated acute care infant, pediatric and adult patients with Dysphagia, Traumatic Brain Injury (TBI), Esophageal Cancer, strokes and various other diagnoses that may have affected their feeding, swallow, cognitive/language skills, and speech.

Speech Language Pathologist on the Craniofacial Team
Joe DiMaggio Pediatric Hospital, Hollywood, Florida

August 2007 – August 2011

Screened, assessed, and diagnosed resonance disorders for babies, children and adults born with cleft lips and palates. Made surgical recommendations to the craniofacial team. Guest lectured at various conferences regarding assessment, treatment protocols and surgical decisions for patients diagnosed with cleft lip and/or palate, speech, and resonance disorders.

Independent Contractor-Speech Language Pathologist
ABC Speech and Language Therapy Incorporated, Davie, Florida

August 2004 – March 2007

Scheduled, planned and managed a caseload of students from a variety of school and detention center settings, created Individual Educational Plans (IEP)'s for qualifying speech and language students, assessed, diagnosed and provided therapy to all qualify students in Autistic clusters, detention centers, elementary, middle and high schools.

Clinical Team Leader
Oak Lane Clinic, East Finchley - London, England
Barnet Primary Care Trust

December 2003 – August 2004

Managed fifteen mainstream school therapists, provided support and advice, reviewed assessments, and detailed reports, diagnosed, provided therapy, and provided consultation for various exceptional students in the mainstream school community.

Dysfluency Specialist
2003

August 2003 – December

Senior Speech and Language Therapist
Upton Hospital, Slough, England
Bracknell Primary Care Trust

Scheduled, planned, and managed all the assessments and dysfluency therapy appointments, assessed, diagnosed, provided therapy, and discharged, pre-school children, teenagers and adults who needed dysfluency therapy at the community care clinic.

Lead Speech Language Pathologist

August 1997 – June 2003

Pembroke Pines Elementary School, Pembroke Pines, Florida

Managed the 6 schools in the McArthur Zone. The other therapists at the other schools reported any queries or concerns to me, and I addressed them at those times, assessed, diagnosed, staffed, treated, consulted and discharged all the qualifying speech and language children, staffing for qualifying students, wrote and provided Individual Education Plan's (IEP's) and provided Annual Reviews on the anniversaries of those IEPs, provided pure tone hearing tests and referred and consulted with our school Audiologist, provided and presented workshops and organized speech and language play productions for the students.
