

SARAH E. WALLACE
CURRICULUM VITAE

I. Education

- Ph.D. University of Nebraska-Lincoln, Human Sciences with an emphasis in Communication Disorders 2009
Dissertation: *Effect of Visuographic Contextualization on Navigation of an Augmentative and Alternative Communication System by Survivors of Severe Traumatic Brain Injury*
- M.A. Western Michigan University, Speech-Language Pathology 2005
Certificate in Gerontology 2005
- B.Ed. Miami University of Ohio, Speech-Language Pathology and Audiology 2003

II. Employment

- Communication Science and Disorders Department University of Pittsburgh, Pittsburgh, PA
Professor & Program Director of the MA/MS SLP program 2021-
- Speech-Language Pathology Department Duquesne University, Pittsburgh, PA
Professor 2021
Associate Professor 2015-2021
Assistant Professor 2009-2015
- Teaching and Research Assistant, University of Nebraska-Lincoln 2005-2009
- Speech-Language Pathologist, Quality Living, Inc., Omaha, NE 2005-2007

III. Awards and Fellowships

- 2019 American Speech-Language-Hearing Association Fellowship of the Association
- 2019 Inaugural Tavistock Trust for Aphasia Distinguished Scholar Award
- 2017 Erskine Fellowship (University of Canterbury, New Zealand)
- 2005-2009 Chancellor's Doctoral Fellowship, University of Nebraska-Lincoln.

IV. Professional Memberships

- Aphasia Access 2017-present
- Academy of Neurogenic Communication Disorders and Sciences 2010-present

American Congress of Rehabilitation Medicine	2010-present
Pennsylvania Speech-Language and Hearing Association	2009-present
American Speech-Language and Hearing Association	2007-present
Special Interest Group 2	2007-present
Special Interest Group 12	2007-2019
Special Interest Group 15	2015
International Society of Augmentative and Alternative Communication	2011-2013
Nebraska Speech-Language and Hearing Association	2006-2009
National Student Speech-Language and Hearing Association	2003-2007
Michigan Speech-Language and Hearing Association	2003-2006
Kalamazoo Aphasia Think Tank	2003-2005
Kalamazoo Aphasia Advocacy Group	2003-2005

V. Licensure & Certification

<u>Type</u>	<u>Certifying Board</u>	
Speech-Language Pathology	State Board of Examiners in Speech-Language & Hearing, Commonwealth of Pennsylvania	2009-present
Certificate of Clinical Competence	American Speech-Language and Hearing Association	2007-present
Speech-Language Pathology	State Board of Examiners in Speech-Language & Hearing, Nebraska	2005-2008

VI. Scholarship

A. Research Agenda

My clinical research agenda demonstrates a programmatic approach to improving communication effectiveness for people with aphasia. My program of research includes multisite, interprofessional, and student collaborations.

Student authors supervised or co-supervised are noted with an asterisk ().*

F. Research Advising

The Duquesne University Speech-Language Pathology Department does not enroll doctoral students, so most of my research advising during my employment at Duquesne University was with undergraduate and master's students.

Doctoral Committees, Co-Chair

1. Autumn Marie Chilcote (DU Psychology Department PhD student (2018-defended in 2020)). *Without words: Relational neuropsychology and creative arts therapies for treatment of aphasia.*
2. John Verbos (DU Psychology Department PhD student) (2014-2018). *The role of language in the presentation of exact quantity.* Graduated in 2018. (Received the 2018-2019 Duquesne University McAnulty College of Liberal Arts Dissertation Award)
3. Terri Dilmore (DU Psychology Department PhD student) (2012-2016). *Using the Rorschach to evaluate people with aphasia.* Graduated in 2016.

Master's Thesis Committees, Chair

1. Anna Saylor (2019-2020). *Aphasia-friendly modification to medication instructions.* (Received one of five 2019 ANCDs Student Fellowships, received a Meritorious Poster Session award from PSHA, Received the DU Women in STEM Travel Award). Duquesne University Department of Speech-Language Pathology.
2. Christyn Davidson (2018-2019). *Carer information needs following a family member's right hemisphere stroke.* (Received the DU Graduate Research Symposium Rangos School of Health Science Award 2018.) Duquesne University Department of Speech-Language Pathology.
3. Joanne Kinney (2016-2017). *Drawing conclusions about aphasia: An examination of the relationship between word retrieval, drawing, and semantics.* Project supported by a Duquesne University Aging Research and Teaching Consortium Stimulator Grant PI: Kinney, Mentor: Wallace. (Received one of five 2016 ANCDs Student Fellowships; DU Graduate Research Symposium Rangos School of Health Science Award 2016.) Duquesne University Department of Speech-Language Pathology.

4. Sarah Diehl (2015-2016). *Use of an integrated multimodal communication treatment with individuals with severe traumatic brain injury*. *this project was supported by FY15 LSVT Global Small Student Grant Competition; PI: Diehl, Mentor: Wallace. Duquesne University Department of Speech-Language Pathology. (Received one of five 2015 ANCDs Student Fellowships.)
5. Alyssa Lanzi (2015-2016). *Group external memory aid treatment for Mild Cognitive Impairment*. Duquesne University Department of Speech-Language Pathology. (Received one of five 2015 ANCDs Student Fellowships, 2015 ASHA Research Mentoring Travel Award, and 2016 Clinical Aphasiology Conference NIDCD Student Fellowship.)
6. Alicia Rebstock (2013-2014). *Effects of semantic feature analysis + multimodal communication program for word retrieval and switching behavior in primary progressive aphasia*. Duquesne University Department of Speech-Language Pathology.
7. Shannon Carr (2012-2013). *Effects of semantic + multimodal communication program for switching behavior in severe aphasia*. Duquesne University Department of Speech-Language Pathology. (Received one of five 2012 ANCDs Student Fellowships.)

Master's Thesis Committees, Member

1. Isabelle Michaud (2022-current). University of Pittsburgh. Department of Communication Science and Disorders.
2. Jacqueline Leuvenink (2018-2020). *The effect of frequency of augmented input on the auditory comprehension of narratives for persons with Wernicke's aphasia*. University of Pretoria Speech & Hearing Department Master's Student
3. Nicola Stockley (2016-2017). *The effect of augmented input on the auditory comprehension of narratives for individuals with chronic aphasia*. University of Pretoria Speech & Hearing Department Master's Student
4. Annemarie Hall (2013-2014). *Semantically-based therapeutic approach through aided language stimulation*. Duquesne University Department of Speech-Language Pathology.
5. Danielle Moss (2013). *Perspectives of Bahamian young adults regarding communication disorders and speech-language pathology*. Duquesne University Department of Speech-Language Pathology. (Discontinued.)
6. Kristin Wenthien (2012). *Treatment of young children, post-pediatric stroke: The role of the speech-language pathologist*. Duquesne University. (Discontinued.)

Mentored Research Experience in SLP (Master's Students)

1. Jessica Riley, Fall 2020-Summer 2021, Research focus: Interprofessional research experiences of health science students.
2. Lindsay Harvey, Fall 2020-Summer 2021, Research focus: Validation of a post-traumatic growth scale in people with aphasia.

3. Erica Lapp, Fall 2018-Summer 2019, Research focus: Changes in comprehension by people with aphasia when reviewing modifications of features in text to speech systems.

Undergraduate Bachelor of Philosophy Thesis

1. Pauline Bayotas, Spring 2022, A simulation study of computer-adaptive testing for measuring treatment-related change in confrontation naming.

Undergraduate Independent Study, Advisor

1. Mikolaj Bandosz, Spring 2021, Research focus: Post-traumatic growth in people with aphasia.
2. Maya Louttit, Spring 2021, Research focus: Preferred text-to-speech systems for people with aphasia.
3. Isabella Talamo, Spring 2021, Research focus: How people with aphasia experience friendship.
4. Maryann Berdick, Spring 2020, Research focus: SLP's perceptions of interprofessional education and collaborative practice.
5. Mia Famularo, Spring 2020, Research focus: SLP's perspectives regarding home programs for aphasia.
6. Mary Rose Zoeckler, Spring 2019, Research focus: Comprehension of computerized written and auditory information by people with aphasia.
7. Bridget Wiberg, Fall 2016, Research focus: Reading comprehension in individuals with dementia.
8. Alyssa Mulvaney, Spring 2016, Research focus: Text-to-speech systems to support reading comprehension in adults with neurogenic communication disorders.
9. Hilary Lovett, Spring 2012, Research focus: Use of high technology AAC by people with non-fluent aphasia.
10. Maria DeIuliis, Spring 2012, Research focus: Augmentative and alternative communication and collaboration within the medical setting.

Neuroscience Undergraduate Research Experience (NURE), Mentor

1. Anu Fadare Rowan University, Summer 2021
2. Elizabeth Powers Stockton University, Summer 2021
3. Natasha Morales, Occupational Therapy Student from Boston University, Summer 2019.

Honors College Undergraduate Student, Mentor

1. Katherine Janov, Spring 2019, Presentation at Duquesne Undergraduate Research Symposium, Text-to-speech systems for people with aphasia: Literature review and case study.

External Examination of Student Research

1. Master's Thesis External Examiner (Michelle Westley), University of Canterbury. Christchurch, New Zealand. (February 2018).

Other Mentored Research

1. Ryan Husak (University of Kentucky Department of Communication Sciences and Disorders PhD student) (2016-2018). *I mentored Ryan together with his committee chair to complete two*

projects. The first project is a systematic review of aphasia intervention in acute and subacute care. The second project is his dissertation project entitled: Collaborative Problem-Solving in Couples Affected by Aphasia. I was a co-investigator on his second project and coordinated data collection for 40% of his participants.

2. Chitrali Ramakant Mamlekar (University of Cincinnati Department of Communication Sciences and Disorders PhD student) (2017-2020). *I am the external content expert for Chitrali's first year doctoral student project examining the use of AAC in inpatient rehabilitation for adults with complex communication needs.*

NSSLHA Research Advisor

2014-2015 – *Aphasia workshop for physical therapy students.* The workshop is finalized and will no longer be modified for research studies. Instead 12 undergraduate and graduate students developed and implemented the workshop during the Spring Semesters 2015-2020 based on the results of the previous workshops. I continue to advise the workshop (about 10 meetings per year) and assist with the presentation each year.

2013-2014 – *Aphasia workshop for physical therapy students.* I mentored 10 undergraduate and graduate students as they conducted a research study to compare two instructional approaches used for an educational outcomes project. Results were presented at regional and national conferences as well as at the DU undergraduate research symposium. *This project won an award at the DU Undergraduate Research Symposium.

2012-2013 – *Aphasia workshop for physical and occupational therapy students.* I mentored 8 undergraduate and graduate students as they conducted an educational outreach program combined with an outcomes research study. Results were presented at regional and national conferences as well as the DU undergraduate and graduate research symposiums.

2011-2012 – *Aphasia workshop for healthcare students.* I mentored 7 undergraduate and graduate students as they conducted an educational outreach program combined with an outcomes-based research study. Results were presented at regional and national conferences as well as the DU undergraduate research symposium.

F. Academic Advising of Graduate and Undergraduate Students

Duquesne University 2009-2021

I previously advised an average of 14 students (7 undergraduate and 7 graduate) each year in the Speech-Language Pathology Department. This represents approximately 10% of the students enrolled in the Speech-Language Pathology Program.
