“I have received so many benefits from my membership with AHIMA. I am able to network with professionals in the field, volunteer, and help other students. One of the best rewards for being a member of AHIMA is that I am able to use the Body of Knowledge in my school assignments and receive books at a great price.”

“With my AHIMA Student Membership I have a connection to the industry before I’ve started my career. Opportunities to learn about different specialties, find a mentor, and network are valuable. I also appreciate that textbooks, seminars and special events are usually discounted for student members.”
