

## HIM STUDENTS' RESPONSIBILITY WITH LOCKERS

1. You must be assigned a locker - you must sign out a locker with Helen Chen in room 6023. We will periodically check lockers, if there is a locker with a lock on that has not been assigned, we will be forced to cut the lock and empty the contents. We must do this so we can keep track of lockers that are in use -- for new and returning students.
2. You must supply your own lock(s).
3. Each student will assume responsibility for securing his/her assigned locker and for whatever valuables are placed therein.
4. You are responsible to keep lockers clean.
5. You are responsible for removing locks upon graduation -- we will have locks cut off that are left on lockers and contents will be destroyed.
