#### Personal Essay

*Instructions: Attach a 750-word (maximum) statement outlining the goals you expect to achieve as a rehabilitation counseling professional, and how you plan to impact the profession and/or service to persons with disabilities. Specifically, you should outline plans for advocating for people with disabilities in the greater Pittsburgh community (i.e. through professional organizations or other methods). This may include plans for clinical practicum and internship placements, or employment post-graduation that reflect your potential to impact the profession of rehabilitation counseling and individuals with disabilities served by the profession.*
