

All individuals pursuing an EMT certification after Jan 1, 2026, will be required to submit an FBI fingerprint based criminal history background check. The background check cannot be more than ninety (90) days old by the first day of class. The individual applying for certification is responsible for all expenses related to the FBI background check.

Students should be prepared to upload their results to the state on the first day of class to submit their certification application. Please see identgo's website for information on receiving results.
