

ARE YOU AN OLDER ADULT CARING FOR A RELATIVE'S CHILD?

You may be eligible
for a paid research
study through the
University of
Pittsburgh!

Pitt

WHO ARE WE?

We are faculty and graduate students from the University of Pittsburgh's Counseling and Occupational Therapy programs.

Help us develop a **PATH** to services for Kinship Caregivers in Cambria County!

WHAT DOES THE STUDY INVOLVE?

We want to talk to you about the obstacles you face accessing health services for yourself and the children you care for. The study involves a 15-minute phone interview, a one-hour VIRTUAL focus group that you can participate from home and completing on-line questionnaires. Eligible caregivers will receive \$100 for completing the study.
